## PURE SAFFRON

HBC boasts the highest quality saffron in Australia and New Zealand based on international standards through laboratory testing. Saffron is considered the most expensive spice in the world, due to the extremely labour-intensive process involved in harvesting these fine threads. This musty, honey-flavoured spice is best used in small quantities, often becoming bitter when overused. Most commonly used in risottos and paellas, this beautiful spice is a staple ingredient for Middle Eastern and European dishes.

# LA TOURANGELLE ARTISAN OIL

The production of gourmet oils is a time-honoured tradition in France. Originally, each village had a mill which roasted and extracted the oil from nuts gathered by local farmers. **These delicious oils were used in hearty rustic fare and were also found in Paris' finest restaurants.**

La Tourangelle is one of just a handful of these remaining mills that keep this tradition alive. Through a partnership between one of the oldest and most respected French artisanal oil mills, Huilerie Croix Verte SAS from Saumur, France, and California Oils Corporation, La Tourangelle has succeeded in recreating the spirit of a traditional French oil mill in Woodland, California.

Hand-crafting a wide range of delicious artisan oils in both California and France, La Tourangelle distributes an exclusive line of premium quality oils in many countries around the world.

Just like the most prestigious perfumes, the truffle extract is very rare, expensive and difficult to source. Only a few companies master the art of producing the extract. You can also try it in pasta with cheese. Don't hesitate to use it in cakes and baked goods, particularly with apples or pears. - (L)5.5×(H)14.5cm
- B# 3245270000726

Avocado oil can be used the same way you use your extra virgin olive oil. But with a smoke point at 181 degrees it is very practical to use in the kitchen for pretty much any application. On salads or in a dressing, it contributes a hint of avocado flavour, and it is wonderful drizzled over slices of fruits. Cook, bake, dress or simply dip, avocado oil will make it all. Avocado oil is processed on equipment very similar to those used to process extra virgin olive oil. The avocado pulp is first expeller-pressed usually using a centrifuge. It is then lightly filtered and polished, using another centrifuge. The result is beautiful, emerald green oil with high level of monounsaturated fats that will bring a delicious, light avocado flavour to your dishes.

*Chef's Choice* Vanilla Sugar is a revolutionary vanilla and the first real alternative to pure vanilla extract, with some real advantages. Alcohol and gluten free, it is made with real vanilla beans and dextrose (corn sugar). Sprinkled on waffles, fresh fruit or cappuccinos it adds a subtle richness. Create your own hot chocolate mix with fresh cocoa, spiced mocha mix, or use it as a light glaze for fresh corn or carrots. Sprinkled on cappuccinos or lattes—it's the ultimate coffee condiment and much, much more. In essence, *Chef's Choice* vanilla sugar is the perfect addition to any food or beverage that you wish to enhance with the sweet, rich, yet subtle taste of pure vanilla.

As with any Spanish rice dish, it's extremely important to start with the right rice. While not quite as premium as our 'Bomba' rice, which should be considered the finest in Spain, our 'La Marjal' rice is still very good rice. When it cooked, the grains remain separate and do not stick together. The rice in paella should be dry and separate when it's done, not creamy like risotto.
