Himalayan salt has no preservatives or additives and is processed without harsh chemicals. This pure salt is found deep inside the pristine Himalayan Mountains and is mined by hand and ground by stone. The high mineral crystals range in colour from sheer white to varying shades of pink to deep red which indicates a beneficial amount of 84 trace elements and iron. These minerals give the salt a fine, subtle flavour which suits any cuisine. It is also delicious!

The production of gourmet oils is a time-honoured tradition in France. Originally, each village had a mill which roasted and extracted the oil from nuts gathered by local farmers. These delicious oils were used in hearty rustic fare and were also found in Paris' finest restaurants. La Tourangelle is one of just a handful of these remaining mills that keep this tradition alive. Through a partnership between one of the oldest and most respected French artisanal oil mills, Huilerie Croix Verte SAS from Saumur, France, and California Oils Corporation, La Tourangelle has succeeded in recreating the spirit of a traditional French oil mill in Woodland, California. Hand-crafting a wide range of delicious artisan oils in both California and France, La Tourangelle distributes an exclusive line of premium quality oils in many countries around the world.

HUILE DE PÉPIN

DE COURGE

This versatile treasure is delicate and pale in color, with a rich yet elusively nutty taste that has the delicacy of walnut nutmeats without the heaviness or bitterness. It is easy to use in baking, vinaigrette dressings, and every day cooking. Substitute for vegetable oil in your favorite brownie mix or add some magic to your banana bread! Plus, walnut oil is a delicious plant-based source of Omega-3 fatty acid!

With its fresh roasted almond flavour, the oil reveals subtle nuances when combined with other ingredients. Its delicate character makes it a good substitute for olive oil in cases where walnut oil and hazelnut oil are just too powerful.

HBC boasts the highest quality saffron in Australia and New Zealand based on international standards through laboratory testing. Saffron is considered the most expensive spice in the world, due to the extremely labour-intensive process involved in harvesting these fine threads. This musty, honey-flavoured spice is best used in small quantities, often becoming bitter when overused. Most commonly used in risottos and paellas, this beautiful spice is a staple ingredient for Middle Eastern and European dishes.

Buckwheat is loaded with nutrients, especially protein, and it has a nutty, earthy flavour. It's most commonly ground into a dark, gritty flour and used to make everything from pancakes to soba noodles. Eastern Europeans also like their buckwheat crushed into small groats, which they toast in oil and use to make side dishes and breakfast cereals.
